

# Model No. 10 Single Tub Electric Washer with Swinging Wringer

This Model offers the housewife the advantages of the movable—swinging—wringer without the bench equipment of other models. Washer tub is exactly the same as that used on other models—has all modern improvements. Electric motor is troubleproof—will not "burn out." Wringer swings to any position and has Safety Quick Release feature. Tub is equipped with special adjustable casters which permit of raising or lowering to any position.

# AutoMatic World-Famous For Quality

## The Choice of Women Who Know

A Washer that that will suit you because 50,000 Housewives use it every Monday. A Washer that is famous for what it DOES. There is no better Washer made for your service. It is simple, strong and durable. Washes and wrings by power. 4 great models—attaches to any electric light socket—guaranteed.

**NORTH PLATTE LIGHT & POWER CO.**

## LOCAL AND PERSONAL

Miss Alice Loan came down from Denver Friday for a visit with her sister, Mrs. H. A. Brooks.

Shu Fly and spray at the Rexall.

Mrs. Carl Simon and children left Sunday for a two weeks' visit in Hastings with her parents.

The Grand Island salaried ball team will play the local team on the home grounds Sunday, July 27th.

Mr. and Mrs. H. F. Wright returned home Sunday from a two weeks' wedding trip to Milwaukee.

The Rexall handles the goods.

Miss Beattie Chamberlain returned Saturday from a two weeks' visit with relatives in Kemmerer, Wyo.

A Baby Ben with a radium dial will please you. Dixon, the Jeweler.

W. R. Kessler, of Kansas City, a former North Platte resident, is a guest at the C. H. Stamp home.

Mrs. Clyde Worley and children came up from Kearney Saturday for a visit at the Cecil Worley home.

Kodaks and films at the Rexall.

Miss Evaline Wilcox left Sunday for Abeline Kansas, where she will spend several weeks with her aunt.

Miss Helen Koontz left yesterday for Chicago where she will visit Mrs. C. A. Lowell for two or three weeks.

A Cordova leather bag on display at Dixon's will interest you. It is all of the highest grade of real leather, rainbow colorings, all hand made, at \$25.00. Other prices ranging from \$8.00 up.

Next Sunday the boys will play the Platte Valley team at the city park.

Mr. and Mrs. Herman Kuster, of Wellfleet, spent yesterday in town with friends.

Maud Ballard, Elmer Simms and Mrs. Chas. Simms spent Sunday with friends in Sutherland.

Miss Irma Johnston will leave tomorrow for Grand Island for a two weeks' visit with friends.

Bert Noble has purchased of Lee Simon one of the former Brooks houses on east Fourth street.

The Philos Guna club will meet Wednesday afternoon with Mrs. R. A. Garman, 402 west Third street.

John E. Nelson and J. T. Keefe were visitors in Overton Sunday, making the trip in the former's car.

Mesh bags in vogue—Dixon has a wonderful selection, ranging in price from \$3.00 to \$25.00; gold and silver.

Misses Ethel and Catherine Foster came up from Omaha Sunday to visit with their sister, Mrs. Leonard Redmond.

Miss Nanine Iddings and brother Henry have returned from a three weeks' auto tour in Colorado. They report a very enjoyable trip.

Miss Maud Warrington is expected to arrive tomorrow from Long Beach, Cal. for a visit with her sisters Mrs. Chas. Calhoun and Miss Vena Warrington.

J. B. Pielsticker, cashier of the bank at Dickens, who was in town yesterday says everything is in fine condition in that section of the county. Corn is making a wonderful growth.

## Ball Team to Scotts Bluff.

The North Platte ball team will leave Friday for Scotts Bluff where they will play Saturday, Sunday and Monday with the team of that city. The Bluff team is said to be rather speedy players, and the North Platte team may be somewhat strengthened for the games.

## Toric Lenses are Popular.

Their curvature prevents touching of eyelashes with the lenses—a distinctly desirable feature. Increased breadth of view adds to their value and all round comfort.

DIXON & SON.

We grind our own lenses.

## Auto Touring is Expensive.

North Platte auto tourists who have returned from Estes Park and Yellowstone Park agree that hotel accommodations at both places eat rapidly into the pocket book. With rooms at six dollars per night and a simple meal at two dollars, together with gasoline and other incidentals, a party of four who journeyed to the Yellowstone Park found their expenses run about forty dollars a day. Conditions at Estes Park are a shade less expensive.

## Ogalalla Too Easy.

The Ogalalla ball team took the short end of a fourteen to two score in a ball game played at the city park Sunday afternoon and obtained those two scores through errors. It was a game that did not arouse any particular enthusiasm with the spectators, for errors were plentiful and but few sensational plays were made. The visitors were outclassed in all departments, and were as weak in the pitcher's box as on the bases and in the field.

## Wheat Yield Disappointing.

The yield of wheat throughout the state, as shown by reports received by the State Journal, is very disappointing. In Gage county, where threshing is in progress there are many fields where the yield is but five bushels per acre and a field that yields twenty bushels is an exception. The same conditions exist in Adams and other counties where threshing is in progress. The straw is heavy, but the wheat berry was shriveled and dried by the intense hot weather the latter part of June.

## DR. C. A. SELBY

Announces his discharge from the military service and return to private practice.

Offices over Rexall Drug Store. Phone: Office 371, residence 1068. North Platte, Neb.

## Notice to Fruit Growers.

An experiment conducted by C. G. Randall, horticulturist at the Experiment farm, on the determination of the time of insecticide of the second brood of codling moth shows that the largest per cent of the moth passed from the pupa to the larva stage this week end, showing that now is the time to apply the spray for control. The formula to use is 1½ pound of arsenate of lead to 50 gallons of water. The apple worm is unusually bad this year. Trees not receiving the first codling moth spray show 75 to 90 per cent of infection.

## Trotter Rides in Airplane.

C. M. Trotter was in Gibbon Sunday and while there an airplane owned in Holdrege landed. Mr. Trotter being acquainted with the aviator, was invited to ride back to Holdrege, which invitation he accepted. In making the trip an elevation of 4500 feet was maintained, and from this height autos on the road seemed to be about two feet long and persons walking were just about discernible. Mr. Trotter says that riding in a plane is about as rough as in a car, as the currents of wind causes the plane to jolt. The aviator gave Mr. Trotter the thrill of a tail spin, loop-the-loop and other gyrations.

## Lake at the City Park.

The popularity of the swimming hole at the south river bridge has awakened a desire on the part of the people to have a permanent bathing resort and the park board, co-operating with the city welfare association, is planning on putting in a lake at the city park. It is proposed to have this lake in readiness for bathing purposes next year and it is probable that part of the excavation and embankment work will be made this fall. It is proposed to make the lake 300 feet long and 100 feet wide, and make future enlargements as money becomes available. The contour of the land is such that it may be necessary to pump part of the water into the lake.

## Notice to Suburban Water Users.

All water users on the Suburban Irrigation Ditch must keep their laterals clean if they expect to get good results from the water. The president of the board will not stand for any waste of water.

## Estray

Two coming three-year old mare mules from my farm near Nichols. Reward for information leading to their recovery.

ANDY OLSEN, North Platte, Neb. Phone 730F11

## Kodaks and films at the Rexall.

## Estray Calf.

Estray from the Howard ranch, northwest of city, about the middle of June, a brockle-faced heifer calf, Q C brand on right hip, weight about 500 pounds. Will pay a suitable reward for information leading to animal's recovery or its whereabouts.

WILLARD CROW, Phone 791F031.

**Dixon**  
PERFECTO GLASSES  
GUARANTEED NOT TO BREAK

## Band Concert Next Week.

The first of a series of open air concerts by the North Platte band will be given at the court house park next Friday evening. These concerts have been made possible by the joint efforts of the park board and the Chamber of Commerce. The concerts will be given weekly for the next two months.

## Let Contract for Club House.

A contract for the erection of the club house on the Country Club grounds has been awarded to Clyde McMichael on a bid of \$8,238.00. The plans call for a one-story building with wide verandas, dance hall, dining room, kitchen, shower baths for men and women, individual lockers and other conveniences. It is planned to have the house ready for occupancy by the middle of September.

## Dry Weather in Idaho.

Writing to The Tribune under date of July 9th from American Falls, Idaho, S. E. Cox of Sutherland, says: "I left Sutherland on June 17th and have driven overland through parts of Colorado, Wyoming, Utah and Idaho. I find conditions extremely dry and warm. The dry land wheat crop will be very light and pastures seem to be a thing of the past. Here at American Falls the farmers tell me that they never saw a better prospect for a crop than they had in the spring and they are certainly disappointed."

## Larson Answers Our Appeal.

Our friend Joe P. Larson, now of Green River, sends us a check and says: "Just saw your note in The Tribune today expressing your longing for the pine clad hills of Wyoming. You no doubt would have been able to enjoy the sights better if you had appealed to your creditors a little earlier and had made arrangements to come in June. Your fellow fishermen would also have been able to sing with more vim and vigor that old song: 'The Bare went over the Mountains.'"

## Notice to Property Owners and Tenants.

All outside closets in sewer districts must be connected with the sewer on or before September 1st. All householders in the city must maintain garbage cans which will be emptied at stated times by the city garbage collector.

Failure to comply with this notice subjects the owner or tenant to arrest and fine. D. N. VALERIUS, Sanitary Inspector.

## Teachers' Special Examination.

There will be a special teachers' examination for renewing the certificates under the old law Friday, July 18th at North Platte. Only the five essentials and life subjects will be given.

52-2 AILEEN GANTT COCHRAN, County Supt.

**We Strive To Please**

When in need of good things to eat Call 212. Quality in every package.

**Dick Stegeman,**

PHONE 212.

815 NO. LOCUST.

\$2.00 orders and over delivered.

UNITED STATES

Director General of Railroads.

**Improved Sleeping  
Car Service**

**BETWEEN NORTH PLATTE  
OMAHA AND CHEYENNE.**

Two Sleeping cars are now operated locally between Omaha and Cheyenne. Leaving Omaha 4:25 p. m. and 1:20 a. m. (Ready for occupancy at 9:30 p. m.)

Westbound leave North Platte 2:55 a. m. and 8:35 a. m. Arrive Cheyenne 10:30 a. m. and 4:05 p. m.

East bound both cars leave North Platte 11:25 p. m. Arrive Omaha 7:05 a. m.

**Union Pacific**  
J. S. ORR, Agent.

Mr. and Mrs. J. B. Edwards and children returned Sunday from Kentucky, where Mrs. Edwards and children had been visiting for two months and where Mr. Edwards had gone to accompany them home.

The Leu Auto Co., of this city, signed a contract with the Liberty Sales Co., of Lincoln, for the delivery of twenty-four Liberty six cars.

Fred Amstutz returned home Saturday after almost a year's service overseas.

Mr. and Mrs. O. H. Eyerly and Mrs. Marion Miller, of Hershey, spent Friday with friends in town.

R. E. Biggs, who had been overseas with the 21st Engineers for a year, arrived home Saturday night. During his overseas service he was in the railroad operating department on a district 123 miles long, and which road was operated under French rules. These rules seemed rather absurd to an American railroad man accustomed to modern equipment. Hand brakes are still used in France, and the average car is about one-third the capacity of those in use in this country.

Dixon & Son, eyesight specialists, can do something for that headache, consult them.

**Chi-Namel**

Neither pounding heels nor piping hot water will affect Chi-Namel on floors, furniture or other woodwork. Remarkably brilliant because of the waterproof self-leveling Chinese Oil incorporated by our secret process. Chi-Namel finishes for hard or soft, old or new wood are also the most economical because they cover one-third more surface than most other finishes.

**VISIT THE NEAREST CHI-NAMEL STORE**

(always the representative store in its locality) and learn of the many Chi-Namel finishes for everything in the home and the case with which you can apply these self-leveling Chinese Oil finishes without laps or brush marks. It will be 5 minutes well spent.

THE OHIO VARNISH CO., CLEVELAND, O.

**Yes'm—YOU Can Whack  
Chi-Namel Floor Finishes  
with a Hammer**

Boil them, bake them, douse them with hot or cold water or even abuse them any other way but you cannot crack their tough, elastic surfaces nor dull their diamond bright gloss.

That's due you know to that remarkable WATERPROOF, SELF-LEVELING CHINESE OIL of which they are made by special expensive processes on an entirely different and better principle of scientific manufacture.

Chi-Namel is the one line of home finishes that we KNOW amateurs can get professional results with because Chi-Namel is SELF-LEVELING hence leaves no laps or brush marks, even if most carelessly applied.

We are the Chi-Namel Store in your midst and we will appreciate a visit to see for yourself the wonderfully beautiful and economical Chi-Namel Finishes for new or old, hard or soft woodwork, floors, doors, furniture, screens and screen doors, walls, porches, automobiles, carriages, fixtures, radiators, bric-a-brac, etc.

Come in today and see the beauties of Chi-Namel.

**STONE DRUG STORE  
AN ANNOUNCEMENT**

THAT ALL THE PEOPLE MAY KNOW

Way back in 1893 a thoughtful doctor, sitting in his laboratory in Davenport, Iowa, made a discovery which has proved of incalculable value to suffering humanity. It was purely scientific in its principles, and when put into practice, is known under the name of Chi-ro-prac-tic (Ky-ro). Chiropactic is widely different from any other curative agency. The results which its practitioners have achieved are truly remarkable. The legislatures of many states, including Nebraska, have ordained that the science of Chiropactic is on a par with all other accepted schools whose graduates minister to the sick and infirm. The Chiropactors of Nebraska must meet the legal educational requirements established by law before practicing in this state.

The Nebraska Chiropactic Association in annual convention in June adopted a resolution and created a special committee on publicity authorized to publish to the people of Nebraska the simple facts about Chiropactic—what it is doing every day to relieve physical and mental suffering.

Accordingly the committee will present to the readers of this journal, from time to time, salient facts relating to the subject, believing that a campaign of education will tend to conserve the public health and add to the sum of human happiness.

Below is a list of licensed Chiropactors of Nebraska:

- |                                   |   |
|-----------------------------------|---|
| Dr. Clara R. Aerni, Columbus.     | Dr. P. M. Jorgenson, Fullerton.             |
